Cancer, Incidence of, among Indians in Southwest, 196; Recognition of early cervical, 200; An inquiry into the basic cause and nature of cervical, pathology of cervicitis (erosion of the cervix) and relation between cervicitis and cervical cancer, 513, 688
Carbon dioxide, Anæsthesia, ed. 117
Carbuncles, Relation between acute infections of upper respiratory tract and infections of kidney, ed. 503
Catgut, How can we insure sterility of, 271
Catheters, Value of indwelling ureteral, in urinary surgery, 441
Cell growth, Laws of, 163
Central America, Conference on Traumatic Surgery, 329
Cervicitis, Inquiry into basic cause and nature of cervical cancer, pathology of cervicitis (erosion of cervix) and relation between cervicitis and cervical cancer, 513, 688
Charcoal therapy, Theory and practice of intra-uterine, in gynecology and midwifery, 873
Chloroform, Anæsthesia, ed. 117
Cholecystenterostomy, Effect of on biliary tract, 40
Cholecystgastrostomy, Effect of on biliary tract, 40
Cholecystitis, a bacteriological and experimental study of three hundred surgically resected gall bladders, 655; Relation of hepatitis to chronic, 959
Cholelithiasis, in Korean, 51
Chordoblastoma, Four rare rectal tumors—intrarectal solid teratoma, fibroleiomyoma, paraffinoma, and, 762
Circulatory disease, Peri-arterial sympathectomy in, of extremities, report of cases, 426
Cocaine poisoning, Premedication for local anæsthesia with intravenous barbituric compounds, 494
Colitis, Regional migratory chronic ulcerative, 964
Colon, Left partial colectomy, 65; Resection and obstruction of (obstructive resection), 594; Diverticulitis of, 836; Simple, non-specific ulcer of, 870; Median colostomy, 903; Regional migratory chronic ulcerative colitis, 964
Colostomy, Median, 903
Cranium, Anthropology of the Negro, its bearing on mortality in head injuries, review of six hundred cases, 499
Cyanosis, Traumatic asphyxia with report of five additional cases, 578
Cystadenoma, Pseudomucinous, analysis of thirty cases in which the cysts were not ruptured before operation, 752

DIABETES, Use of intravenous glucose in diabetic patients, 769
Diaphragm, Redistribution of respiration following paralysis of hemidiaphragm, 929
Diseases of childhood, Sacrococcygeal teratomata with malignant degeneration, 85
Disease, cardiovascular, Method of reducing the incidence of fatal postoperative pulmonary embolism, results of its use in four thousand five hundred surgical cases, 154; Raynaud's, Surgical indications for sympathetic ganglionectomy and trunk resection in treatment of chronic arthritis, 204; Raynaud's, Speculations on control of intestinal function, ed. 643
Doctor, Medical revolution, study in humanization of science, 302
Drugs, Clinical experience with new local, drugs, 997
Duodenum, Formes frustes type of perforated peptic ulcer, 10; Duodenal and gastric ulcer, cholecystitis and appendicitis, a consideration of their pathological relations, 59; Some principles in abdominal surgery, 129; Anatomical consideration of the ulcer bearing area (lesser curvature of the stomach, pylorus, and first part of duodenum), 416; Reflux of pancreatic and duodenal secretions through a drainage tube in the common bile duct, 627; Chronic duodenal ulcer, 745; Total gastrectomy with report of successful case, 1008

EAR, Reconstruction of external, 601
Electrosurgery, Standardization of, radical operation for cancer of breast taken as example in general surgery, 261
Embolism, Method of reducing incidence of fatal postoperative pulmonary embolism, results of its use in four thousand five hundred surgical cases, 154; Operative treatment of, of lungs, 891
Embryology, Annular pancreas, 533
Empyema, Constant vacuum aspiration treatment of, simple device in creating vacuum, 1029
Endometrium, Morphological similarity of certain luteal cysts and endometriosis of ovary, 1
Epididymis, Operation for tuberculosis of, 624
Ether, Anæsthesia, ed. 117
Ethylene, Anæsthesia, ed. 117
Extraperitonealization of bladder, Technique of Voelcker, with illustrative cases, 69
Extremities, Peri-arterial sympathectomy in circulatory disorders of, 426

FALLOPIAN tubes, Pseudotuberculous salpingitis, 663
Femur, Bifurcation operation, indications, technique, and results, 90; Congenital dislocation of hip, diagnosis and new method of treatment in infancy, 757; Operative treatment of ununited fracture of neck of, 885
Fetus, Postconception pelvic irradiation of Albino rat (mus Norvegicus), its effect upon the offspring, 861
Fibroleiomyoma, Four rare rectal tumors, intrarectal solid teratoma, paraffinoma, and chordoblastoma, 762
Fingers, Rupture of tendons of hand, with study of extensor tendon insertions in fingers, 611
Foot, Bifid os calcis, 1012; Spontaneous fracture of os calcis, bilateral osteo-arthropathies in tabetic patient, 1014

Forssell, Some factors influencing permanent healing of malignant tumors, ed. 1014
Fractures, Oration on, 193; Spontaneous, of os calcis, bilateral osteo-arthropathies in tabetic patient, 1014
Fungi, yeast-like, Localized infection caused by, with special reference to spinal involvement, 972
